

BaseSettings

```
graph BT; core.config.Settings --> BaseSettings
```

The diagram illustrates a class inheritance relationship. At the bottom, a dark gray rectangular box contains the text 'core.config.Settings'. A blue arrow points vertically upwards from the center of this box to the bottom center of a white rectangular box above it. The white box contains the text 'BaseSettings'. This visualizes 'core.config.Settings' as a subclass or implementation of 'BaseSettings'.

core.config.Settings
